

Locatiebepaling van een ECP via een macro-screening Energieconversiepark Lommel (België)

Miet Van Dael

Locatieselectie

Locatieselectie

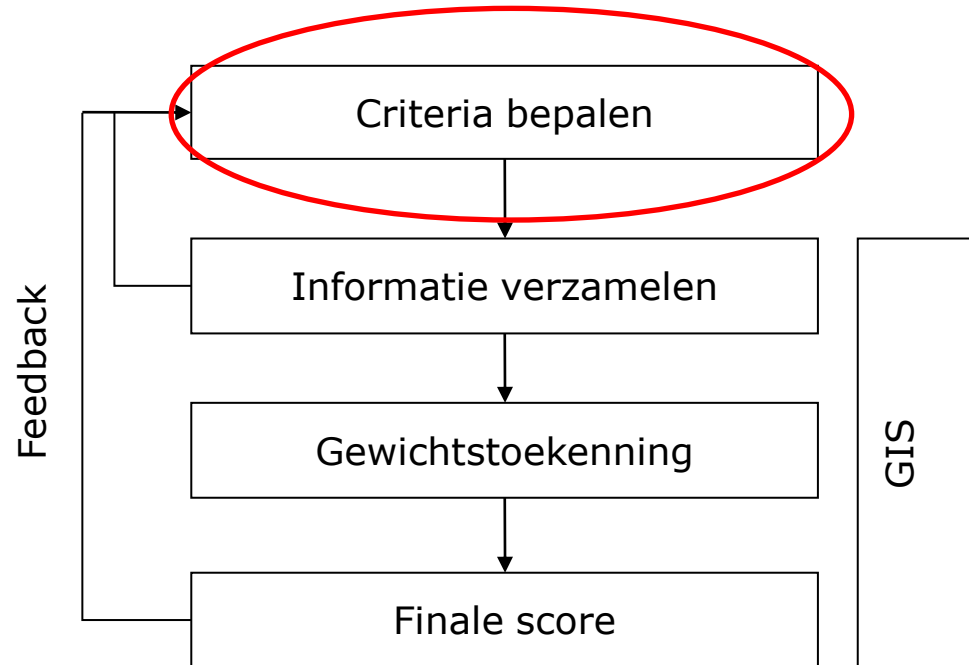

Macro-screening

Doel: ondersteuning van de beslissing om aantal potentieel interessante locaties te reduceren
(Provincie Limburg: 44 gemeenten)

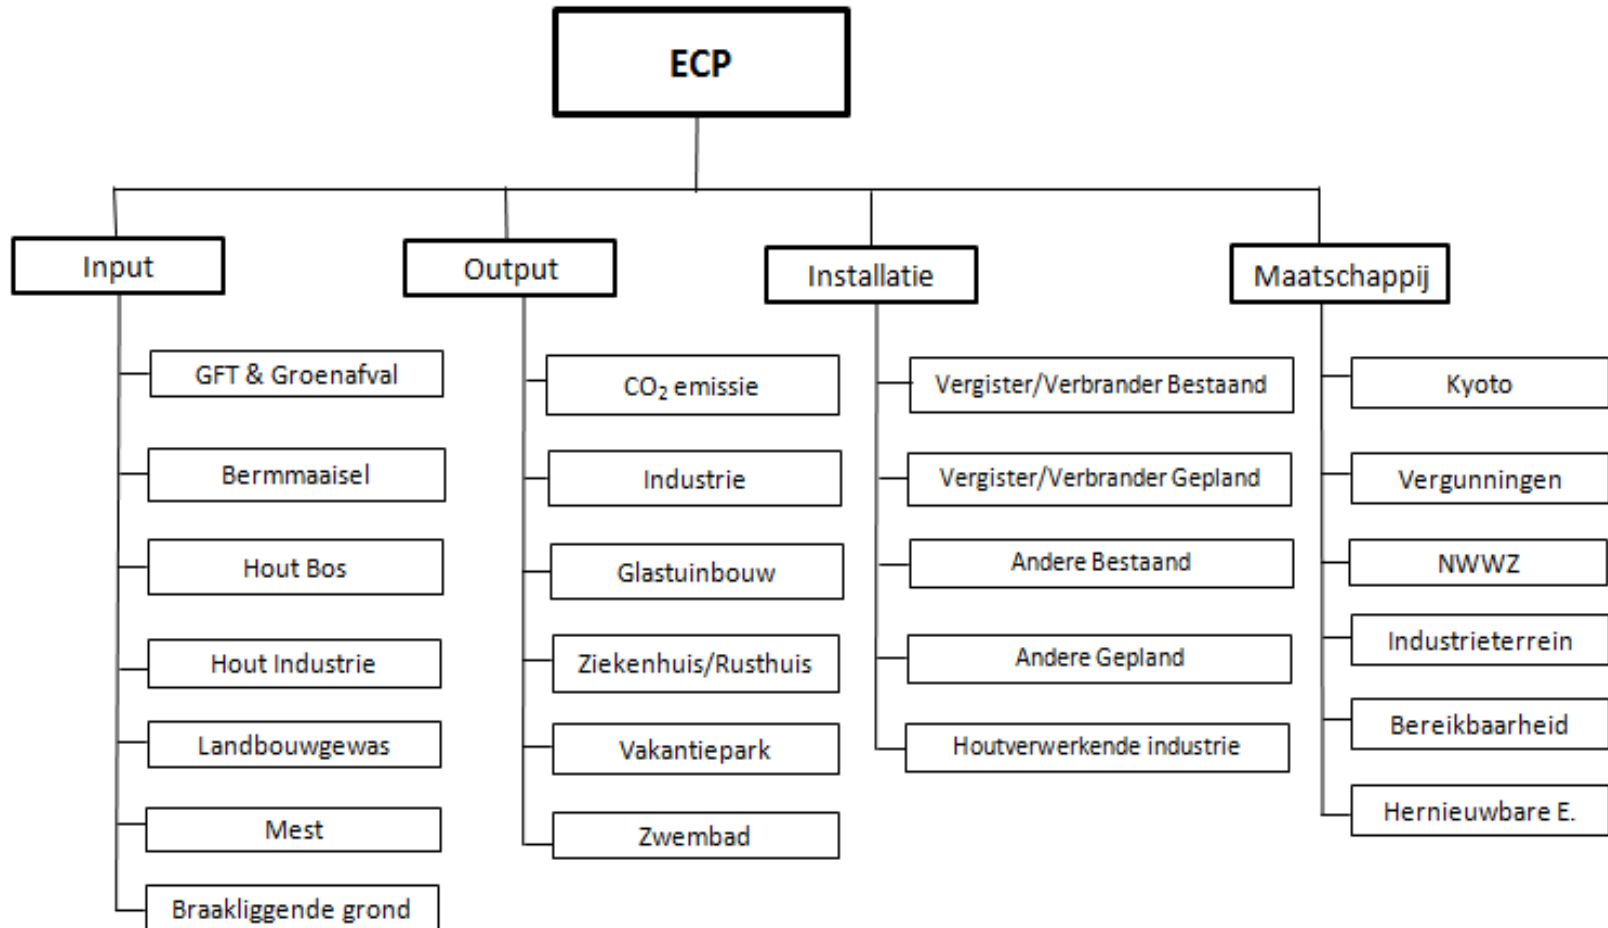

Voor wie: beleidsmakers, investeerders
(in eerste instantie Provincie Limburg)

Waarom: nu vaak 1 criterium

Macro-screening
